Agustina of Spanish West Florida and Her Descendants

Schwann Spectrum Documents the story of how scientists took cells from an unsuspecting descendant of freed slaves and created a human cell line that has been kept alive indefinitely, enabling discoveries in such areas as cancer research, in vitro fertilization and gene mapping.

Then Sings My Soul

Chronicles of Gabriel, In a quest for the truth An essential look at the cultural dissemination of African-American in film with an exclusive interview with Spike Lee.

A New English Dictionary on Historical Principles

Joel Whitburn's Top Pop Albums, 1955-2001

The Immortal Life of Henrietta Lacks

Frank Leslie's Sunday Magazine In the past few weeks Alexa Montgomery has had her entire world flipped upside down. She's gone from living a semi-normal teenage life to a life full of vampires and werewolves who all expect her to deliver them from the control of an evil dictator. Alexa is the last of her kind; a Sun Warrior whose skills are unmatched by any other creature. Now she has left the safety of Two Rivers and gone in search of her mother. With her is Kayden, a vampire who is the other half of her, and who will do anything to protect her. But by going on her quest, she has left behind her sister, the one person she was always told to protect. Secrets will come out, relationships will break and danger lies just ahead. Will Alexa be able to face it all and come out alive? And will she be able to protect her sister from danger when she is so far away?

JPRS Report A thousand years ago, a jealous mage cursed a young lord into dragon form to keep him from his soulmate, a peasant girl coveted by the mage. They have four lifetimes to break the curse. Three times, they have failed. Alexa Ranger doesn't remember the lord's son who was her soulmate three lifetimes ago, nor does she recall their previous attempts to break the curse—each one ending in her death. But she does remember Cyrgyn, the golden dragon who has haunted her dreams since childhood and has appeared to her now to begin their final attempt. A highly trained spy, Alexa has been preparing for this mission her entire life. But her skills are no match for the desperate mage who has lost none of his command of magic—and none of his twisted, possessive need for her. She is determined to save the dragon she has come to love, but there is more than the curse standing in their way...

The London Miscellany Soul of the Dragon Alexa Ranger is a spy who had a dragon friend as a child. That dragon turns out to be her soulmate, cursed a thousand years ago by the mage who was supposed to be his best friend. This is their last chance to break the curse. Souflight Alexa's cousin Samantha went into hiding when she was 18 and someone tried to shoot her out of the sky. (Sam can fly.) She's discovered saving an abducted child, and Rock Davis is tasked to protect her from the man bent on making her part of his collection. Harte and Soul Brooklyn Hart hates lies, but she's pushed to go undercover protecting Peter Ranger's daughter, who has special abilities, from old enemies. Soul Deep Reformed mage Tars Suinn doesn't believe redemption is possible, but that doesn't stop him from trying. Ke'an Oliviera may be the key when they join forces with the Rangers to stop another mage who doesn't care if making his mark on the world will also destroy it.
