Today we face a tremendous weakening of confidence in the Bible. This is just as true for the pastor offering counsel in his office as it is for the person in the pew talking with a struggling friend at Starbucks or the small group leader who is unsure of what to say to a hurting group member. We need to regain our confidence in God’s Word as sufficient to address the real life issues we face today. We need to understand how the Bible equips us to grow in counseling competence as we use it to tackle the complex issues of life. Scripture and Counseling is divided into two sections of nine chapters each: Part One helps readers to develop a robust biblical view of Scripture’s sufficiency for “life and godliness” leading to increased confidence in God’s Word. Part Two assists readers in learning how to use Scripture in the counseling process. This section demonstrates how a firm grasp of the sufficiency of Scripture leads to increased competence in the ancient art of personally ministering God’s Word to others. Part of the Biblical Counseling Coalition series, Scripture and Counseling brings you the wisdom of twenty ministry leaders who write so you can have confidence that God’s Word is sufficient, necessary, and relevant to equip God’s people to address the complex issues of life in a broken world. It blends theological wisdom with practical expertise and is accessible to pastors, church leaders, counseling practitioners, and students, equipping them to minister the truth and power of God’s word in the context of biblical counseling, soul care, spiritual direction, pastoral care, and small group facilitation.

If you have struggled personally against the powerful draw of pornography, or if you have ever tried to help someone fighting this battle, you know how hard it is to break free. But real freedom isn’t found by trying harder to change. Nor is it found in a particular method or program. Only Jesus Christ has the power to free people from the enslaving power of pornography. In Finally Free, Dr. Heath Lambert, a leader in the biblical counseling movement, lays out eight gospel-centered strategies for overcoming the deceitful lure of pornography. Each chapter clearly demonstrates how the gospel applies to this particular battle and how Jesus can move readers from a life of struggle to a life of purity. If you or someone you care about is fighting this battle, there is good news: No matter how intense or long-standing the struggle, Jesus Christ can, will, and does set people free from the power of pornography.

Caring for Souls is a helpful primer on the intersection of psychology and Scripture. How psychology fits into Christianity is a thorny and often confusing subject for many. There is a great deal of disagreement even among experts. In Caring for Souls, Gary Bredfeldt and Harry Shields address the intersection of Scripture and psychology in Christian counseling. The authors address different approaches and analyze them against Scripture, and then provide readers with practical teaching on implementing biblical counseling.

This is a book that can reach any person. It is a simple truth about what seems to be a complicated subject. After all, with all of the printed information about love, is there a
Gospel-Centered Counseling is the first volume in The Equipping Christian Counselors Series, a comprehensive relational training curriculum for the local church that provides a model for equipping God’s people to change lives with Christ’s changeless truth. This two-volume series weaves together comprehensive biblical insight with compassionate Christian engagement. Is your church prepared to care for individuals who have experienced various forms of abuse? As we continue to learn of more individuals experiencing sexual abuse, domestic violence, and other forms of abuse, it’s clear that resources are needed to help ministries and leaders care for these individuals with love, support, and in cooperation with civil authorities. This handbook seeks to help the church take a significant step forward in its care for those who have been abused. Working in tandem with the Church Cares resources and videos, this handbook brings together leading evangelical trauma counselors, victim advocates, social workers, attorneys, batterer interventionists, and survivors to equip pastors and ministry leaders for the appropriate initial responses to a variety of abuse scenarios in churches, schools, or ministries. Though the most comprehensive training is experienced by using this handbook and the videos together, readers who may be unable to access the videos can use this handbook as a stand-alone resource.

Therapeutic counseling in a Christian context can be highly effective when it maintains narrowly focused goals in a time-limited setting. The details of this proven model of pastoral counseling are described in this practical guide. This second edition of Strategic Pastoral Counseling has been thoroughly revised and includes two new chapters. Benner includes helpful case studies, a new appendix on contemporary ethical issues, and updated chapter bibliographies. His study will continue to serve clergy and students well as a valued practical handbook on pastoral care and counseling.

Provide professionally sound and principled therapy based on the truth of God. Christians are faced with the same range of problems as everyone else. However, Christian therapists understand deeply the unique issues involved with their therapy. The Christian Therapist’s Notebook is a single source for innovative, user-friendly techniques for connecting the everyday world of the client with Christian principles and Scripture. This creative, timesaving guide assists therapists in helping clients achieve therapy goals through professionally sound and principled exercises while always maintaining a positive, supportive connection with Christian beliefs. Helpful features include Scripture references relevant to common problems, case studies, vignettes, professional resource lists, client resource lists, in-session exercises, homework exercises, and handouts. The Christian Therapist’s Notebook bases its success on three foundations: the truth of scripture; the centrality of Christ; and the guidance of the Holy Spirit. The book’s three sections include individuals, couples and families, and children and adolescents. Each chapter focuses on a single exercise to address an important issue that may be affecting the client. Chapters provide a guiding Scripture quote, an objective, rationale for use, clear and specific instructions, suggestions for a follow-up, a vignette illustrating the exercise’s success, contraindications, extensive resources, and related Scriptures. The Christian Therapist’s Notebook exercises include: “A New Creation,” which uses a Christogram to personalize the Biblical promises and truths of the spiritual transformation “Snapshots,” which reveals repetitive behavior patterns in relationships “Core Connections,” which helps the client explore the organization of relational core connections to other people as well as to God “Temptation Judo,” which explores the connection between temptation and needs while uncovering God’s promise of escape “Broken Mirrors,” which identifies unresolved issues affecting self-image and moves the client to a personal relationship with God “The Book of My Life,” which helps identify situations and people that have had an impact on clients, while helping them to acknowledge that God has a plan for them “Tearing Down Strongholds,” which helps take the client through the process of repentance “It Was Wrong,” which helps abuse victims deal with pain and frustration “Bowing Down,” which helps to restore a healthy relationship “Panic Breaker,” which helps get to the root of client fears “Parenting after Divorce” “Self-esteem,” which helps children with self-concept and many, many more! The Christian Therapist’s Notebook is the answer for practicing therapists, counselors, interns, pastors, educators, and students searching for activities for client therapy based upon the truth of God. As people face addictions, deal with loss and grief, and seek help in restoring broken relationships, where can they turn for counsel and assistance? The local church has been uniquely blessed with the gift of the gospel and is able to offer hope and counsel that no other institution on earth can. In Biblical Counseling and the Church, Bob Kellemen and Kevin Carson have assembled over twenty respected ministry leaders
who examine the relationship between counseling and the church. This comprehensive resource, part of the Biblical Counseling Coalition series, helps leaders and counselors develop a vision that goes beyond being a church with a biblical counseling ministry to becoming a church of biblical counseling—a church culture that is saturated by “one-another” ministry. Divided into five parts, Biblical Counseling and the Church will help church leaders:

- Unite the pulpit ministry of preaching the Word with the personal ministry of the Word in counseling
- Offer practical and theological training to equip counselors
- Launch and lead a counseling ministry, regardless of the size of your church
- Bring together the relational focus of small group ministry with the ministry of care and counseling
- Better understand the relationship between biblical counseling, church discipline, and conflict resolution
- Learn how to use counseling in outreach through “missional” biblical counseling—moving biblical counseling beyond the doors of the church and into the world

Are you the lady that God is seeking for to carry out His plan through your life? Dr. Rosa Mary Lucio has learned and experienced through life's many challenges that God's way of living holy and living righteously is the best way to overcome life's challenges. Reading this book can bring every woman of God to sweetly know Jesus Christ and to be acquainted with Him as her personal Savior, Lord, and Master of her life. Through hopelessness, there is a God. God made you who you are today. Being feminine, free, and faithful is a God-given attribute and gift.

Since the beginning of the biblical counseling movement in 1970, biblical counselors have argued that counseling is a ministry of the Word, just like preaching or missions. As a ministry, counseling must be defined according to sound biblical theology rather than secular principles of psychology. For over four decades, biblical theology has been at the core of the biblical counseling movement. Leaders in biblical counseling have emphasized a commitment to teaching doctrine in their counseling courses out of the conviction that good theology leads to good counseling…and bad theology leads to bad counseling. A Theology of Biblical Counseling is a landmark new book that covers the history of the biblical counseling movement, the core convictions that underlie sound counseling, and practical wisdom for counseling today. Dr. Heath Lambert shows how biblical counseling is rooted in the Scriptures while illustrating the real challenges counselors face today through true stories from the counseling room. A substantive textbook written in accessible language, it is an ideal resource for use in training biblical counselors at colleges, seminaries, and training institutes. In each chapter, doctrine comes to life in real ministry to real people, dramatically demonstrating how theology intersects with the lives of actual counselees.

Jantz, PhD, C.E.D.S., The Center for Counseling and Health Resources, Inc.

All that was done to us, what we have done to others, the failures, the ills, the violations of our persons, the brutalities, the perversions of life, rejections, death of loved ones, tragedies, loneliness, abandonment, Jesus paid the penalty for all these sins, and provided the means to handle the tragedies of life. We do not need to deal with these violations and tragedies on our own. Christ is in us to work out our salvation daily (Phil. 2:12-13; Gal. 2:20; 2 Cor. 5:21; Rom. 6:3-6; Ezek. 18:20). Being in Christ, we are new creatures and we are to deal with life now from the biblical perspective. Our problem is not with Satan, not with people, not with the circumstances of life, but our problem lies in our relationship with God. Our focus is to change from a concern about self, to a concern about God’s glory and that is accomplished by our godly responses to others and life in general (Rom. 5:17; Cor. 5:21).

Thus, the answer to healing the soul lies here: loving God by obeying His commands (John 14:21), and dealing with unresolved actions of the past in a spirit of repentance and reconciliation (Matt. 7:5). Hurting people need help. But sometimes those who are faced with helping the hurting could use a little more information about the problems that needy people bring to them. The Quick-Reference Guide to Biblical Counseling provides the answers. It is an A-Z guide for assisting people-helpers—pastors, professional counselors, youth workers, and everyday believers—to easily access a full array of information to aid them in (formal and informal) counseling situations. What role should the Bible play in pastoral counseling? Donald Capps here explores the use of the Bible in counseling and shows how the methods and objectives of counseling can be defined and shaped by three biblical forms: psalms, proverbs, and parables. Applying these forms, Capps demonstrates how the Bible can influence the three major types of pastoral counseling -- grief, premarital, and marriage. He examines the capacity of these forms to comfort, to instruct, and to diagnose problems. He explains how through psalms feelings can be vented, through proverbs moral learning can take place, and through parables new understandings of experience can occur. With actual case study examples and practical suggestions, this refreshingly perceptive book offers positive steps for furthering dialogue between biblical scholarship and pastoral counseling.

A Theology of Christian Counseling connects biblical doctrine with practical living. Salvation, that central concern of Protestant theology, is often too narrowly defined. It is thought of as "being saved from the consequences of sin." But God is doing much more. He is making something new out of the old sinful nature. He is, in Christ, making new creatures. "No counseling system that is based on some other foundation can begin to offer what Christian counseling offers. . . . No matter what the problem is, no matter how greatly sin has abounded, the Christian counselor's stance is struck by the far-more-abounding nature of the grace of Jesus Christ in redemption. What a difference this makes in counseling!" In this book the reader will gain an insight into the rich theological framework that supports and directs a biblical approach to counseling. And the connection between solid theology and practical application will become compelling. This book is one-of-a-kind.

Taking on the Gods explores a clinical theological approach to the treatment of individuals, couples, and families suffering from neurotic styles of life. Merle Jordan exposes the origins of neuroses in idolatry: the substitution of false psychological gods for the true God as the center of ultimate reality. In attempting to earn the approval of these false gods and to escape their harsh judgment, one enters into a second idolatry: becoming one's own Messiah, parts of the self are sacrificed to placate the false gods. The resulting personality distortions are the source of many emotional difficulties. Jordan discusses not only the role of pastoral counselors in helping clients confront their idols, but also the counselors responsibility to recognize their own false gods. Topics covered include: Pastoral Counseling as the Encounter Between Gods, The Implicit Religious Drama in Marital and Family Counseling, The Operational Theology of the "Common Cold" - Depression, and Self-justification Versus Justification by Faith Through Grace. According to Jordan, helping people to 'take on their gods,' to free themselves to experience the loving God, is the heart of the pastoral counselor's task.

Sin. Grace. Christian Counseling. How do these fit together? In Christian theology sin and grace are intrinsically interconnected. Teacher and counselor Mark McMinn believes that Christian counseling, then, must also take account of both human sin and God's grace. For both sin and grace are distorted whenever one is emphasized without the other. McMinn, noting his own tendencies and the temptation to stereotype different Christian approaches to counseling along this theological divide, aims to help all those who serve and minister in the church and counseling profession to be more effective in helping others.

In his preface to this challenging book Jeff Watson describes biblical counseling as "a noble adjective married to a nervous noun." Believers are wise to be skeptical of much that is done in the name of counseling in secular settings. Even under the umbrella of "Christian counseling," one has heard horror stories of cases where God's Word has been misused. But Jeff Watson makes a strong case in this volume for the legitimacy of marrying "biblical" and "counseling." Christian counselors, says Watson, need to cultivate three fundamental skills in their patients: How to tell their stories; How to choose their goals wisely; and How to practice changes in their lives. Watson helps counselors achieve these goals by drawing on the interactions of Christ, the commands of Scripture, and the actions of the apostles and prophets. Thus he marries counseling and biblical principles. To those of us who are called on to counsel on any level, Charles Swindoll says, "This book will become an invaluable tool for you. I urge you to let it become your manual for proper counseling."

Editor Randolph K. Sanders assembles a team of scholar-practitioners to forge a comprehensive ethical approach to Christian counseling. Christian psychotherapists, pastors and others in the counseling profession will find here a ready resource for a whole array of contemporary clinical scenarios. Professors Snodgrass and Maynard have done their field a service in bringing together all that is here. The American Association of Pastoral Counselors now has a splendid contemporary text to present themselves to other fields whose members may yet wonder 'What has religion (or spirituality) or pastoral counseling have to do with the healing arts?'
